FOR RESURFACING
OF LINCOLN AVE.Salem Delegation Is Told

Will Be Changed To
Eliminate Curve.

A delegation representing property owners on Lincoln ave. appeared before the county commissioners at Lisbon Monday morning with a request that the county bear part of the expense of resurfacing that street.

This committee, composed of J. S. McNutt, P. R. Pow and F. F. Trimble, told the commissioners that the city's share would be about \$15,000 but as no funds are available the county's aid was collected inasmuch as Lincoln ave. is part of an inter-county highway.

The commissioners replied that they have no money for such purposes, but they expressed a willingness to aid if a way can be found. The commissioners will go to Columbus next week and possibly a Salem delegation may accompany them in an effort to obtain state aid. The commissioners informed the Salem men that if the county helps the contract will be let by the county.

Lincoln ave will receive no benefit from the auto license funds received by Salem, this money going for the repair of other streets. The Salem delegation stressed the fact that Salem received \$4,812 from auto funds last year, while East Liverpool received \$9,612, despite the fact that more auto licenses were issued in Salem than in East Liverpool. They were informed that Salem will receive more this year.

Change Road at McCracken's
James Ramsey, Perry township trustee, attended this meeting and was asked about a bump on the Lisbon rd. where the Lincoln ave. pavement ends. He said the road was an inter-county highway and it was up to the commissioners to repair it.

The commissioners informed the Salem men that the Valley-North Georgetown rd. would be improved this year, directing traffic toward Salem, and that the North Benton rd. from Salem toward Deerfield would be improved next year.

Plans are being made to straighten the road at McCracken's Corners, three miles south of Salem, to eliminate the dangerous curve. The road will be constructed east of the corners.

TARIFF TALKProposes Night Session To
Wear Out Democratic
Opposition.

Washington, May 8.—Senator Lodge, the Republican leader, and his administration associates planned today to wear out the Democratic opposition to the McCumber tariff bill in the hope of forcing its passage "not later than August 1."

President Harding was reported to share the concern of the administration spokesmen over the little progress that has been made in the measure during the two weeks it has been before the senate.

Senator Lodge said that he was going ahead with his plan to hold the senate in continuous night sessions beginning tomorrow unless the Democratic filibuster he charged was being conducted against the bill was abandoned.

Senator McCumber, Republican of North Dakota, chairman of the senate finance committee, was understood, however, to regard night sessions with disfavor, and others on the Republican side were said to share his opposition to senators being compelled to remain on the job at night.

Senator Watson, Republican of Indiana charged that the sole object of all the talk the Democrats have been engaging in since the tariff bill was made the unfinished business is to filibuster, to postpone, to procrastinate, to delay, to put off its passage until just as near the November elections as possible.

Same As Then.

Many interesting reminiscences of school days at Water Valley and Fairview schools were recalled at a reunion of former and present teachers and pupils of these schools Saturday at Fairview schoolhouse, three miles south of the city, which interested about 200 people. This enjoyable event was arranged by the Parent-Teachers association of Fairview school.

Water Valley schoolhouse was located in the flats just below McCracken's Corners, Lisbon rd., and 48 years ago it was moved to the top of the hill, a short distance above the corners, and since that time has been known as Fairview school.

Mrs. A. G. Phillips, Salem, and Dr. Hall, Westfield, Ill., were the only teachers of Water Valley school, at the reunion.

35 Pupils In Civil War

Thirty-five boys from the Water Valley school served their country in the Civil war. Only two of that number are living, Curtis R. Phillips, Cleveland, and J. A. Dunlap, Beloit, Wis. Dunlap was at the reunion.

Mrs. Phillips read a poem and also spoke of school discipline, which she said was much the same today as it was 50 years ago. Miss Dickerson also gave an instrumental music selection.

State Representative H. D. Cope of Rogers paid a tribute to the school and also related some incidents in the life of Abraham Lincoln.

Others who gave short addresses and talks were:

MRS. SILVER EXCUSED
FROM JURY WHEN HOME,
CATCHES FIRE MONDAY

Damage estimated at about \$2,000 was caused by fire and water about 1:30 p. m. Monday at the home of Mrs. William Silver, 483 Franklin ave. The roof of the large frame dwelling was partially destroyed before the flames could be extinguished by city firemen.

Considerable damage to furniture resulted from water. The flames had gained headway when discovered by neighbors during the absence of Mrs. Silver, who was at Lisbon serving on the jury.

Judge Moore of common pleas court was notified of the fire and he declared a recess of court excusing Mrs. Silver from duty. She left at once for Salem.

According to Fire Chief Bolen, the fire started from flying sparks from an open grate on the main floor of the residence.

WHITE AND DUFFY ARE
SILENT ON CANDIDACY

Columbus, May 8.—Ohio voters today continue to guess whether former State Auditor Vic Donahay will have any opposition for the Democratic nomination for governor this year.

Former Congressman George White, who served as chairman of the Democratic national committee during the last presidential campaign, has left Columbus for his home at Marietta without intimating whether he will weigh in as a candidate against Donahay. While here, Mr. White conferred with Attorney Ed H. Moore, Youngstown, and other prominent Ohio Democratic leaders, presumably with a view to determining whether he would announce his candidacy for the governorship.

Chairman T. J. Duffy of the state industrial commission mentioned also as a possible opponent of Donahay, has issued no statement as to what he intends to do.

HUELSTER PAINTS

Union Meeting Here

Established, Saving
Many Lives.

Graphic impressions of conditions in the Near East, the fight of the people to ward off death from hunger, disease and exposure and the life saving work of the Near East commission on in Armenia, Jerusalem and parts of Russia were brought to the attention of Salem people Sunday night at a mass meeting arranged through the combined efforts of local churches. W. P. Davis presided.

Dr. E. W. Huelster of Cleveland, Ohio director of the Near East commission, spoke on "The Crucifixion on a Nation." He gave conditions as he found them in the countries which he visited as a member of that commission.

The establishment of orphanages, hospitals and clinics to care for the orphans of the men killed while fighting for the allies in the World war, according to the speaker, has saved the lives of thousands of children and has been the one bright spot in the lives of those people who are looking to America to help in the rehabilitation and rejuvenation of these countries.

The Near East commission, the speaker stated, has established 179 orphanages in the Near East. There are 36 hospitals and 40 clinics. In one orphanage at Alexandropol, 20,000 orphans, the largest assemblage of orphans in the world.

In the orphanages the inmates are taught the essential occupations of life. The girls sew and make the clothing from the old clothing shipped from America. The boys plant the fields and engage in shoe making and other trades. Strictest economy is practiced to save for the thousands of children who are unable to be cared for by the commission because of lack of funds.

Hospitals are established in each orphanage, stated Dr. Huelster, to combat trachoma, a disease of the eyes which eventually result in blindness if not given medical attention. In the orphanages, in connection with the medical program, open air exercises are compulsory and are bringing results.

Pictures Are Shown

Dr. Huelster related the wonderful work accomplished by the Near East commission and made a plea for further aid in conducting the saving of life in those countries.

"Alies in Hungerland," a moving picture of conditions in the Near East, taken by the commission, was flashed on the screen.

The picture showed the adventures of a little girl in the Near East, her visits to the orphanages, the welcome manner in which she, a representative of America, was received by the people, the work of the commission, the life of the children in the orphanages and the suffering of the thousands of children outside of the orphanages.

Pathetic conditions were shown, contrasting the brightness in the orphanages with the suffering outside the orphanages.

"The suffering in the Near East is indescribable," said Dr. Huelster in his final appeal. "America has saved the lives of thousands and it is up to America to continue fathering those people who are looking to us for aid."

The telephone pole at the intersection of Fifth st. and Garfield ave. was splintered at the bottom and moved about five feet when struck by an automobile. The identity of the driver was not learned. A car ran off the road near the Albany hill but the driver escaped injury and the machine was only slightly damaged.

Flood water gathered at the foot south of the city, leaving sediments of mud. Buttermilk run overflowed its banks near Jennings ave. inundating the street and the field west of Jennings ave.

Large Gathering Witnesses
Impressive Ceremony
At New Temple.ADDRESS IS GIVEN
BY REV. H. H. SCOTTPast Grand Master Perry
And Grand Marshal
Thomas Preside.

The cornerstone of Salem's new Masonic temple on McKinley ave. was placed in position Sunday afternoon with all the dignity and solemnity of ancient Masonic custom. Marked by the largest public gathering in Salem in recent years, the scene in the southeast corner of the new yellow brick structure was soiled and then consecrated with corn, wine and oil, to stand as a monument to the great lessons of Free Masonry in Salem.

Long before Quaker City had led the Knights Templar and Master Masons from their present home to the new temple at 3 p. m. the streets were thronged with automobiles and people who gathered along the sidewalks and crowded around the platform facing McKinley ave. at Vine st.

In the parade were 80 knights in uniform and 265 Masons representing the blue lodge, together with the officers of the Salem Masonic Temple Co. and representatives of the grand lodge of Ohio.

Grand Master Perry Presides
Music by the band and by the Masonic quartet, composed of E. V. Burr, T. G. Reese, H. G. Hildredge and Charles Cornwall, opened the ceremonies after invocation by Rev. E. S. Eastman and proclamation of the grand master of Ohio by B. Frank Thomas of Youngstown, grand marshal.

Past Grand Master B. F. Perry of Jefferson presided, receiving the trowel used by speculative Masons to spread the cement of brotherly love and kindness. It was presented by John G. Augustine, president of the Salem Masonic Temple Co. and was used to cement the cornerstone, exemplifying the custom of ancient operative Masons. Ritualistic ceremonies provided for such occasions were carried out by representatives of the grand lodge of Ohio preceding the placing of a copper box inside the cornerstone.

H. W. Young, representing the grand treasurer, announced the contents of this receptacle which included a copy of the Holy Bible, history of Masonry in Salem as compiled by J. G. Augustine, complete rosters of the Salem and Leontola Masonic lodges, copies of the Salem News, Farm and Dairy, Ohio State Grange Monthly, rosters of the Salem city officials, members of all Salem churches and of the schools and the school curriculum.

Address By Rev. Scott
The ceremony of consecrating the cornerstone after it had been placed in position followed, and then came the oration of the day by Rev. H. H. Scott, pastor of the Methodist church who spoke with force and with a feeling of the significance of the occasion.

After explaining the purposes and teaching of Masonry, Rev. Mr. Scott declared that this temple was consecrated to the building of men, to patriotism and Americanization, to freedom, to respect for law, to the noblest thoughts of the present day and to the progress of the future. It was a masterly presentation of the principles of Masonry and emphasized the thought that the temple would stand as a monument to clean thinking and right living.

The quartered the audience in the singing of America, benediction was pronounced by Dr. P. H. Gordon and the audience was dismissed as the Masons marched back to their lodge rooms.

President's Stand Right

MAUDLIN or misdirected sentiment and, perhaps, even less worthy motives on the part of biased critics, are responsible for an outcry against President Harding because he refused to receive and hear the pleas of children and mothers of convicts now serving sentences, in Atlanta and other prisons for having obstructed the efforts of the government during the anxious days of the war.

These mothers and children have no business at Washington. All the world will accord them pity, for they are the unfortunate and innocent victims of the seditionists whom the government for its own safety was compelled to shut up in prison. The disloyalty of these husbands and fathers imperiled the lives of the brave lads sent overseas, and the spread of their vicious propaganda threatened not only the life of this nation, but the entire fabric of civilization as well. They remain in prison, where they deserve to be, but thousands of mothers and children throughout the land are mourning the loss of husbands and fathers who lie in the eternal clasp of death over yonder in the Arconne, and in Flanders field, or in the black abyss of ocean graves. Could these prisoners have had their way the number of national heroes who made the last and greatest sacrifice might have been vastly increased, and millions of our loyal persons possibly enslaved under the barbarism of German imperialism.

We have no "war prisoners," no "political prisoners." These men were tried and convicted as common criminals under the administration of President Wilson. And President Harding is right in keeping them where they are.

Anyone who knows the president at all knows how tenderly human he is, and well may believe that his heart goes out to these innocent children and disconsolate mothers who, under ill advisement, have sought to gain his ear. But anyone who knows him at all also will be aware that the first consideration with the president ever will be his duty to the trust which the nation has reposed in him. In refusing to countenance this "crusade" the president merely acts in conformity with the demands of the high duty which he owes to the republic.

New Masonic Temple

WHEN Masons of Salem laid the cornerstone Sunday afternoon of what is to become a beautiful brick temple, the solemnity of their public ceremony left a profound impression on the large audience that assembled—an audience as complex in its make-up as any that ever gathered for a public ceremony. It was a tribute not only to Masonry but to the spirit of the occasion, the spirit of a new day in which a whole community glorifies the work of any institution that seeks to build men and whose principles of right living stand as an undying memorial to the progress of a Christian people.

The city shares with this fraternal organization the honor of having erected a beautiful monument. Masons will find just pride in possessing a new temple and the city may point proudly to this new acquisition to its group of modern public edifices. To the Masons it means more commodious, more luxuriant quarters, the fulfillment of a dream of many years; to the city it means progress, another great stride toward realization of the day when all of its public institutions may contribute to a city beautiful and make for that contentment which attractive surroundings breathe.

This morning 57 persons, mostly young people, were confirmed at St. Paul's Catholic church by Bishop Hirsman, Cleveland.

LARGE ESTATE LEFT BY HENRY P. DAVISON

New York, May 8.—Close friends of the late Henry P. Davison, who died Saturday from an operation for brain tumor, estimated today that the financier left an estate of about \$10,000,000. He carried a large amount of life insurance, but the figure has not been ascertained. Mr. Davison's public benefactions were large.

That the seriousness of his condition was not fully realized became known when it was disclosed that the family only Friday night bought a small plot in the Locust Valley cemetery.

Tuesday morning, according to his request, the body will be placed in the little cemetery after a simple funeral ceremony in St. John's church, Lattington, Long Island.

Spring Cleanup Campaign Opens Monday Morning

With trucks collecting rubbish in the Fourth ward Salem's annual spring cleanup movement started Monday morning.

As soon as the Fourth ward is cleaned the trucks will operate in the Third ward and each preceding section until the movement is completed. Mayor Post is in charge.

A request was made that citizens exercise a little more care in piling rubbish on curb stones in front of their homes. Numerous places were found where the rubbish was not placed in containers but scattered about the street, requiring extra time to complete the work.

SEEGER ORIGINAL SIPHON REFRIGERATOR

The new Seeger Flush (no panel) model is not a novelty—it is an achievement. It is the realization of the housewife's hope that someday there would be no panels, beveling or beading to fuss with when cleaning the exterior of her refrigerator. It has a beautiful appearance, too.

The one-piece porcelain interior is just as easy as the exterior to keep clean. We want to show you the many perfections of this new model—any time you care to call.

MISS MARGUERITE K. O'LEARY, of Reading, Pa., who says she has gained eight pounds and can hardly find words to express her praise for Tanlac for the good the medicine did her.

"I am so happy over what Tanlac has done for me I can hardly find words to express my praise," said Miss Marguerite K. O'Leary, who lives with her parents at 1123 Chesnut St., Reading, Pa. "I wasn't exactly what would be called sick, but for a year I had been all run down and sometimes felt so weak and miserable I could hardly hold up my head. I was so nervous the telephone bell or a door closing would startle me so I would tremble like a leaf."

"I needed something to build me up and give me strength and energy, and that is exactly what Tanlac did. It gave me a fine appetite and improved my digestion. I gained eight pounds, the color came back to my face, my nerves became normal and I soon felt as well as I ever did in my life. It is simply wonderful that medicine could make such a big change in any one. My friends and neighbors are surprised when they see me now, and no wonder, for I look like a different person. Tanlac is grand and I never intend to miss a chance to say a good word about it."

Tanlac is sold by all good druggists.

OBITUARY

Mrs. Barclay Moore
Mrs. Barclay Moore, wife of Professor Attorney Moore, died Sunday at a Pittsburgh hospital of disease poisoning.
She was a daughter of Rev. and Mrs. B. Henthorne, the former pastor of the M. E. church here more than 25 years ago, and well known in the Northeast Ohio conference of the M. E. church.

Mrs. Sarah Farmer
Word was received here Monday of the death of Mrs. Sarah Farmer, 85, Cleveland, which occurred Sunday night.

Mrs. Farmer was the widow of John Farmer and was born and spent most of her life in the vicinity of Tegenan.

The body will be brought to Salem Tuesday. The funeral will be at 2:30 p. m. Tuesday at Arbaugh's funeral parlors.

New Forests For Old Lands

Land unfit for profitable farming, such as rough, worn-out fields and abandoned lands, may easily be turned into valuable woodlands, according to the department of forestry at the Ohio Experiment station.
It was found that the removal of the stumps and brush will soon cover them with a growth of briars and scrubby trees which in time will give way to trees of better species for which they have fitted the land by annual deposits of leaf and twig mulch.
Unless there are seed trees of the better sorts near, the farmer may hasten the introduction of the desired species by planting young trees or seeds in places where they will have a chance for rapid growth. Tulip poplar, the oaks, pine, locust and ash are recommended for planting.

A carefully protected woodlot will increase the value of any farm, and most farms have some land of little value for agricultural purposes that might be profitably turned into a source of future timber supply.

Rosa was the brightest flower that blossomed in "Little Italy," an un-Americanized Italian community near a great American city. Only a few of the younger generation picked up American ideas of independence, and then those new ideas warred with their old traditions.

How Rosa fought with her own soul to win her right to happiness with the man she loved, a man of the rival family, makes a story worth the telling, a picture worth seeing.

One Man Dies, Three Injured In Auto Crash

One man was killed instantly and three men were injured Sunday when an automobile in which they were riding with two others, near East Palestine on the Hartshorne hill road, turned over twice, hurling the passengers many feet from the wreck.

John Zimmer, 45, married, a machinist at the Standard Gauge plant, Beaver Falls, Pa., sustained a broken neck. Body removed to the Lowry morgue at East Palestine and later taken to Beaver Falls.

Fred Emrick, 49, married, machinist for the same company, sustained a serious fracture of the skull, badly torn right ear and other bruises and lacerations. Taken to the Providence hospital at Beaver Falls. Not expected to live.

Theodore Emrick, 50, married, bridge worker, owner and driver of machine, sustained a dislocated right shoulder, torn left ear, and minor bruises. Taken to Providence hospital. Condition reported not serious.

John Gump, 17, former athlete of the Beaver Falls High school, sustained minor bruises. Given first aid treatment.

The party left Beaver Falls Sunday

morning about 11 o'clock for a pleasure trip to East Palestine, where they stopped at a filling station for gasoline and immediately started on the return. Witnesses stated that they were traveling at an excessive speed at the time of the accident.

A report of an exploding rear tire was heard, the driver soon throwing on his emergency brake. Immediately the machine reared end over end, throwing out the occupants and wrecking the car. The Gump youth was the only one not unconscious when pedestrians reached the scene.

Prohibition Pays Own Way In Ohio, Chief Announces

Washington, May 8.—Revenue Collector N. H. Miller of Columbus, in conference with Commissioner Haynes, stated that, according to official information issued by State Auditor Tracy, nearly \$800,000 in liquor fines were collected in Ohio during the past six months, exclusive of fines, penalties and taxes assessed by

federal authorities and revenue officials.

"Prohibition is paying its way in Ohio over and over again," said Miller, "and the people are backing all enforcement officials to the limit. There is effective co-operation on the part of federal and state authorities, as reflected by the convictions and fines collected."

Collector Miller also reported that Ohio auditors and treasurers in many counties are taking prompt action in assessing the Aliken tax against persons convicted of keeping a place where liquor is sold.

"A decision of the Ohio supreme

court started the ball rolling, and these law breakers are finding out their troubles did not end with the assessing of fines by the courts," said Miller. "When a fine is added \$1,000 tax, with its 20 per cent penalty, and no part of it refunded, violators conclude the law is heavier than they care to invite the second time. This tax is adding another great source of revenue, amounting to many thousands of dollars."

New York—John Nanke 47 has been sentenced to six months in the workhouse for striking his mother, 82, when she refused him money for drink.

Cash Register Founder Dies Aboard Train

Atlantic City, N. J., May 8.—John H. Patterson, founder and chairman of the board of directors of the National Cash Register company, Dayton, died suddenly Sunday aboard a train bound for this city.

Mr. Patterson was stricken with a heart attack before medical assistance could reach him. He was seated in a chair chatting with his valet, his only companion, when as the train passed through Kirkwood, Camden county, he suddenly fell unconscious. John Henry Patterson who started life as a farmhand near Dayton, Ohio and established the biggest business of its kind in the world on the land that he had plowed as a boy, retired as president of the National Cash Register company on July 10, 1921, upon retirement he was elected chairman of the board of directors, an honorary position. He was 77 years old having been born on a farm Dec. 13, 1844.

He did farm work, canal toll collecting, retailing of coal mine operating and finally, "went west" to seek fortune as a ranch and orchard owner before he hit upon the central idea of his career—manufacturing and selling cash registers.

Mr. Patterson studied two years at Miami university at Oxford, Ohio, and afterward at Dartmouth.

Returns to Dayton
After his venture as a ranchman in Colorado he returned to Dayton, where he set up a factory for making cash registers, employing at first 13 men. After achieving success he aimed to transform a slum factory district into sanitary and better working conditions.

In 1901 France made him Chevalier of the Legion of Honor in token of his interest in employees, and in 1919, Miami university at Oxford, Ohio, gave him the honorary degree of doctor of laws for welfare work and advanced business methods.

In the Dayton flood of 1913 Mr. Patterson stayed off the threatened destruction of his business and helped the city to recover from the disaster.

His civic work resulted in placing the city under commission manager government and his appointment as chairman of a commission by the

governor of Ohio. Through Mr. Patterson's personal supervision \$2,000,000 was raised to prevent future floods in Dayton.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. E. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.
